The McCormick H. M. CO'S NEW STEEL BINDERS, introduced here in 1885, are conceded to be far ahead of all competitors, combining as they do beauty of design, superiority of workmanship, excellence of finish, durability and ease of management.

The COMBINED REAPERS and MOWERS, DROPPERS and SINGLE MOWERS, are unequalled.

The CASE "AGITATOR" is acknowledged to be without a competitor, as the sales of the pest—more than tripling those of all other Thrashers—will prove.

The WOODBURY POWER is the most durable and lightest running horse-power known.

The SOUTH BEND CHILLED PLOW, although not introduced into this market until long after other styles of Chilled Plows, is fast crowding them out and assuming the position of the leading Chilled Plow.

The WEIR-SULKIES, HAND PLOWS and HARROWS are known throughout the length and breadth of Utah as first-class goods in every particular.

The BOSS SICKLE GRINDER is a tool every farmer who has a mower needs and cannot afford to be without.

We shall carry a full and complete stock of repairs for above goods, not only for those of this year's manufacture, but for those sold in previous years, so that any farmer having any machine or plow of the line mentioned can get any repairs without needless trouble or expense.

All parties ordering extras for machines bought in previous years, are specially requested, when ordering, to give the number or letter on the article wanted.

We also keep a full line of Tents, Wagon Covers, Bakes, Machine Extras, Harrows, Wagon Extras, Robes, Whips, Lamps, Rubber, Cloth, Duck, Washers, Coach Castles, Farm and Carriage Harness.

LIFE ESSENCE**

The Wonder of Modern Chemistry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential elements of the Blood, Brain and Nerve Substance, and for developing all the Functions of the System to the highest degree. It acts as a specific, and cures all those of the present age, for the speedy and permanent cure of all ailments of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite. Being a natural Restorative, its energizing effects are not followed by corresponding reaction but are permanent, and are frequently shown, from the first day of its administration, by a remarkable Increase of the Nervous Power, with a feeling of Alacrity, Strength and Comfort to which the patient has long been unaccustomed. The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement: the face becomes fuller, the lips red, the eyes brighter, the skin clear and healthy. The hair of the head and beard grow and acquire strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the Lively, Animating element of life which has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that Buoyant Energy of the Brain and Muscular System which renders the Mind Cheerful, Happy, Brilliant and Energetic; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action. OVER AT LAST.

The Great Southwestern  
Strike Ended.

THE MEN WILL RESUME WORK.

The Dispute Between Gould and the Knights to be settled by Arbitration

The Great Strike.

NEW YORK, March 28.—The conference between Jay Gould and T. V. Powderly to-day and this evening, have resulted in orders from each of them to the parties to the southwestern strike, ordering the immediate resumption of work and traffic pending arbitration, to which Mr. Gould consents.

WASHINGTON, March 28.—Congressman John J. O'Neill, chairman of the House committee on labor, left for New York this afternoon, to confer with T. V. Powderly and Jay Gould as to a settlement of the southwestern railway troubles. Before leaving, O'Neill invoked by letter the interference of the President in bringing together "two antagonized members of his family." This morning at 11 o'clock T. V. Powderly and W. B. McDowell called upon Jay Gould at the latter's residence. There they met Messrs. Gould, Hopkins and George Gould. There was a general discussion of the situation in the southwest by both sides, and a better understanding was arrived at than had been had by either party hitherto. After talking until 1 o'clock p. m., the conference was adjourned until evening. At 7 o'clock a night train met again. At 8:30 p. m. Powderly met with Congressman O'Neill of St. Louis, chairman of the House committee on labor, who came from Washington to render assistance if possible in settling the strike. McDowell, however, remained with Mr. Gould and his party, and Mr. Gould finally handed to Mr. McDowell the following communication:

PRESIDENT'S OFFICE, MISSOURI PACIFIC RAILROAD, March 28th, 1886.  
To T. V. Powderly, Grand Master Workman:

Dear Sir:—Replying to your letter of the 27th instant, I write to say that I will to-morrow morning send the following telegraphic instructions to Mr. Hoxie, general manager of the Missouri Pacific Railroad, at St. Louis: "In resuming the movement of trains on the Missouri Pacific and in employing laborers in the several departments of this company, give preference to our late employees, whether they are Knights of Labor or not, except that you must employ persons who have injured the company's property during the late strike, nor will we discharge any person who has taken service with the company during the said strike. We see no objection to arbitrating any differences between employees and the company, past nor future." Hoping the above will be satisfactory, I remain yours, very truly,

JAY GOULD.

The Executive Board, Knights of Labor, have sent out the following telegram:

Mark Twain, Chairman Executive Board D. A. 101, St. Louis:

President Jay Gould has consented to our proposition for arbitration and so telegraphs Vice-president Hoxie. Order the men to resume work at once.

By order of the Executive Board,  
T. V. POWDERLY, G. M. W.

The Executive Board also sent out the following telegram:

To Knights of Labor now on a strike in the Southwest:

President Jay Gould has consented to our proposition for arbitration and so telegraphs Vice-president Hoxie. Pursuant to telegraphic instructions sent to the chairman of the Executive Board D. A. 101, you are directed to resume work at once.

Per order Executive Board,  
T. V. POWDERLY, G. M. W.

Congressman O'Neill arrived from Washington just in time to get the news. He sent the following congratulatory telegram at once:

To the Missouri Republican:

Settlement effected. Gould consents to arbitration. The executive committee of the Knights of Labor ordered the men to resume work. Congratulate our people on the results.

JOHN J. O'NEILL.

Congressman O'Neill said that the labor committee had prepared a bill which he would present to the House to-morrow, in which he thought were provisions which would prevent future trouble like this. He said that some 9,000 or 10,000 people had been directly affected by the strike and that unnumbered thousands had indirectly been affected. He expressed great pleasure that the end came so peacefully. He returned to Washington at midnight.

Messrs. Powderly and McDowell will meet Mr. Gould to-morrow morning, at 9:30 by appointment.

St. Louis, March 29.—The news telegraphed from New York last night that Grand Master Workman Powderly had ordered the strikers on the Gould southwestern system of railroads to resume work immediately pending arbitration was received by the Knights here with incredulity, some even going so far as to say they believed the telegrams were forgeries. After the first surprise occasioned by the intelligence had passed, general satisfaction was expressed that the strike was not to be prolonged and that the men would be allowed to go back to work. The absence of Irons, chairman of the executive committee, District Assembly 101, will delay to some extent the resumption of traffic upon the roads for other members of the committee say that the men of their assembly will not go back to work until they have either met in executive session, and voted upon what they term the request of Powderly that the strike be ordered off, or from himself shall issue such an order. Referring to Powderly's order to the Knights now on strike in the southwestern members of the committee say Powderly has exceeded his authority and that such order cannot be enforced until endorsed by their vote. This will necessitate the transaction of large amount of routine business for the executive committee of each assembly must meet and vote upon the proposition. The results of these votes must be communicated to Irons, who if the majority are in favor of returning to work, will endorse Powderly's order of last night to that effect.

10 a.m.—The striking Knights on the Missouri Pacific, notwithstanding Powderly's order to return to work, have not yet done so and are awaiting official instructions from Irons.

New York, March 29.—It was reported this morning that the strikers in St. Louis would not go to work until they received positive official notice from Irons. Powderly was called upon this morning and found to be in bed. When asked about the strike, he said: "I have received no word that the men will not obey the orders. If they have not heard from Irons, it is because there has been delay in delivering the telegram sent last night. The men will certainly go to work and Irons will positively give them the order."

St. Louis, Mo., March 29.—Powderly's dispatch directing the strikers to return to work immediately, was received at headquarters of the executive committee at 2:30 this morning, and a member of the committee at once telegraphed to Irons at St. Louis to return to St. Louis at once. It is expected that Irons will start immediately and upon arriving here will preside over a meeting of his committee which will then comply with Powderly's order to declare the strike ended.

J. J. McGary, Judge-Advocate of the Knights, was seen this morning by a reporter and in reply to an inquiry as to how the order of Powderly would be obeyed, said: "If Irons receives it early enough, he might put a cipher dispatch on the wires and by 1 o'clock every man could be back to work."

"Will the men go back to work on Powderly's order?"

"No sir, not until the other matters are arbitrated upon, and then, no matter how this arbitration results, all the men must be taken back without any discrimination being shown against any for being leaders or for any other cause."

"But will not a refusal to obey Powderly's orders be a violation of the law of the Knights?"

"It will not. You see, he might be mistaken. We want arbitration first, before we go to work. All the men are of the same way of thinking. I know them at Marshall, Texas, and know their sentiments."

"Then you want those questions settled by your demands being granted in whole or in part before you return to work?"

"Yes, sir; arbitration first and then a written agreement that all men shall be taken back without discrimination."

He then detailed the mode of arbitration proposed, and said: "We shall abide by the decisions of the arbitrators on the questions, no matter what these decisions may be."

"And what about the Hall matter?"

"That will have to go to the courts."

New York, March 29.—In an interview this morning Gould said: "My telegram to Hoxie was prepared before my conference with Powderly yesterday, and was not the result of anything Powderly said. It is expressly stated, which position the Missouri Pacific has taken from the beginning, that the company is always ready to arbitrate any differences that it may have with its own employees. Powderly seems to have assumed from that telegram that I have agreed to the plan submitted by the executive board of the Knights of Labor on Saturday providing for the appointment of an arbitration committee, three members of which are to be appointed by myself and three by the Knights of Labor, these to jointly choose the seventh member. Now I most emphatically deny that there was anything in my telegram to Hoxie or that there was anything said at the conference yesterday to warrant anyone in believing that I for a moment assented to any such plan. I will appoint no members of any arbitration committee. The whole matter rests in the hands of Mr. Hoxie, and if he can arrange a basis of arbitration, which will include both sides of the question, I will make no objection; but the whole matter will have to be arranged with him. I am now preparing a letter to Powderly, which will clearly set forth my position as outlined above."

Hoxie has telegraphed Gould, stating that the men have not resumed work this morning as they were ordered to do by Powderly.

Powderly is ill this morning. When asked why McDowell came away from meeting Gould so soon this morning, he said: "Oh, he only came back for some papers; that's all. He is down there now."

McDowell went to the Astor House for a second time and took Messrs. Hayes and Bailey with him to Gould's office, where they are now discussing the situation. Gould has delayed sending his letter to Powderly, which he has prepared, as it is now thought that a personal interview between the two gentlemen can be arranged for this afternoon.

The conference between the general executive board and Jay Gould has adjourned until 3 o'clock this afternoon. No business of importance has yet been done, so Hayes says.

St. Louis, March 29.—The joint executive committees of District Assemblies 101, 93 and 17, in session this morning, have just issued the following brief addresses:

St. Louis, Mo., March 29.

To Knights of Labor of the Great Southwest:

Fellow Workmen:—We congratulate you, one and all, on your manhood and fortitude during our late great fight for recognition and right. Now that the battle is fought and a victory won, let us wear our laurels as men of dignity and moderation. Every man to his post and to his duty. With quiet and sobriety let us exhibit the same zeal for the up-building of the business of the west that we have just done in proving that labor is king.

By order of the Joint Executive Board of D. A.'s No. 101, 93, 17.

It is stated that this address was sent to different halls where strikers were holding meetings, that it was received jealously and that the men started for their homes to change their clothes preparatory to going to work, but this is not verified. It is also stated that the address has been telegraphed to all points on the southwest system.

St. Louis, Mo., March 29.—Martin Irons arrived here this morning. He is perfectly non-committal and refuses to talk about the situation. He sent word to Superintendent Dibley not to run any trains until the settlement of the strike was confirmed. Of course his request was ignored and up to 10 o'clock four freight trains had been sent out.
